

The Shapelys

written & created by
Lizzie Sands
Illustrated by Dickon Waring

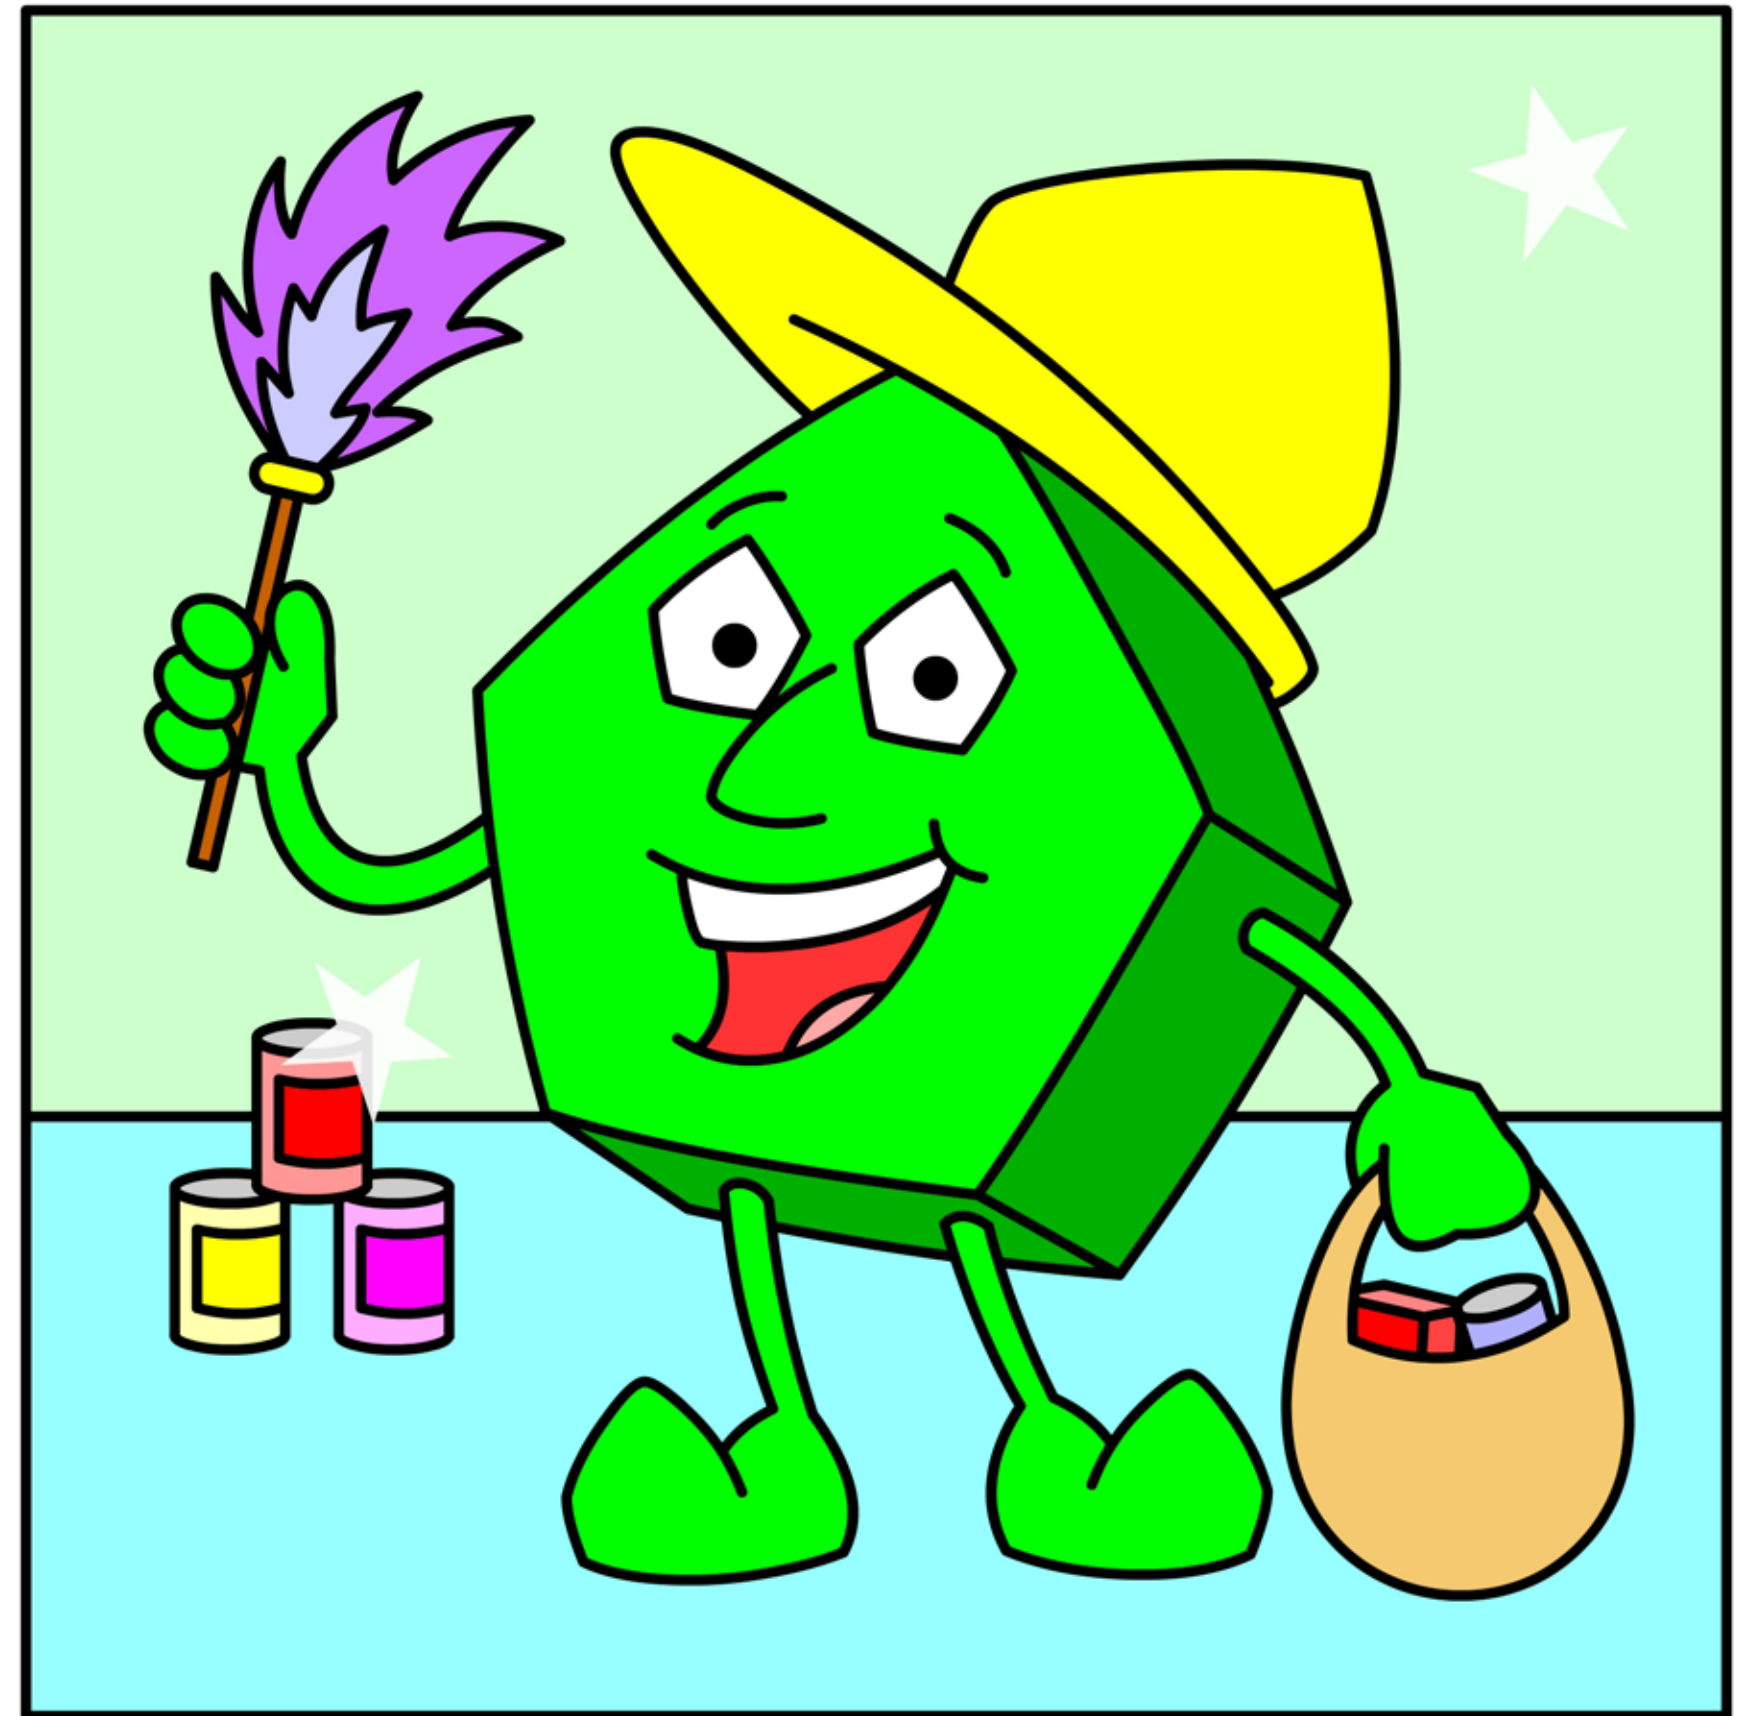

Welcome to ship shape
come in and meet,
all of the Shapelys.....

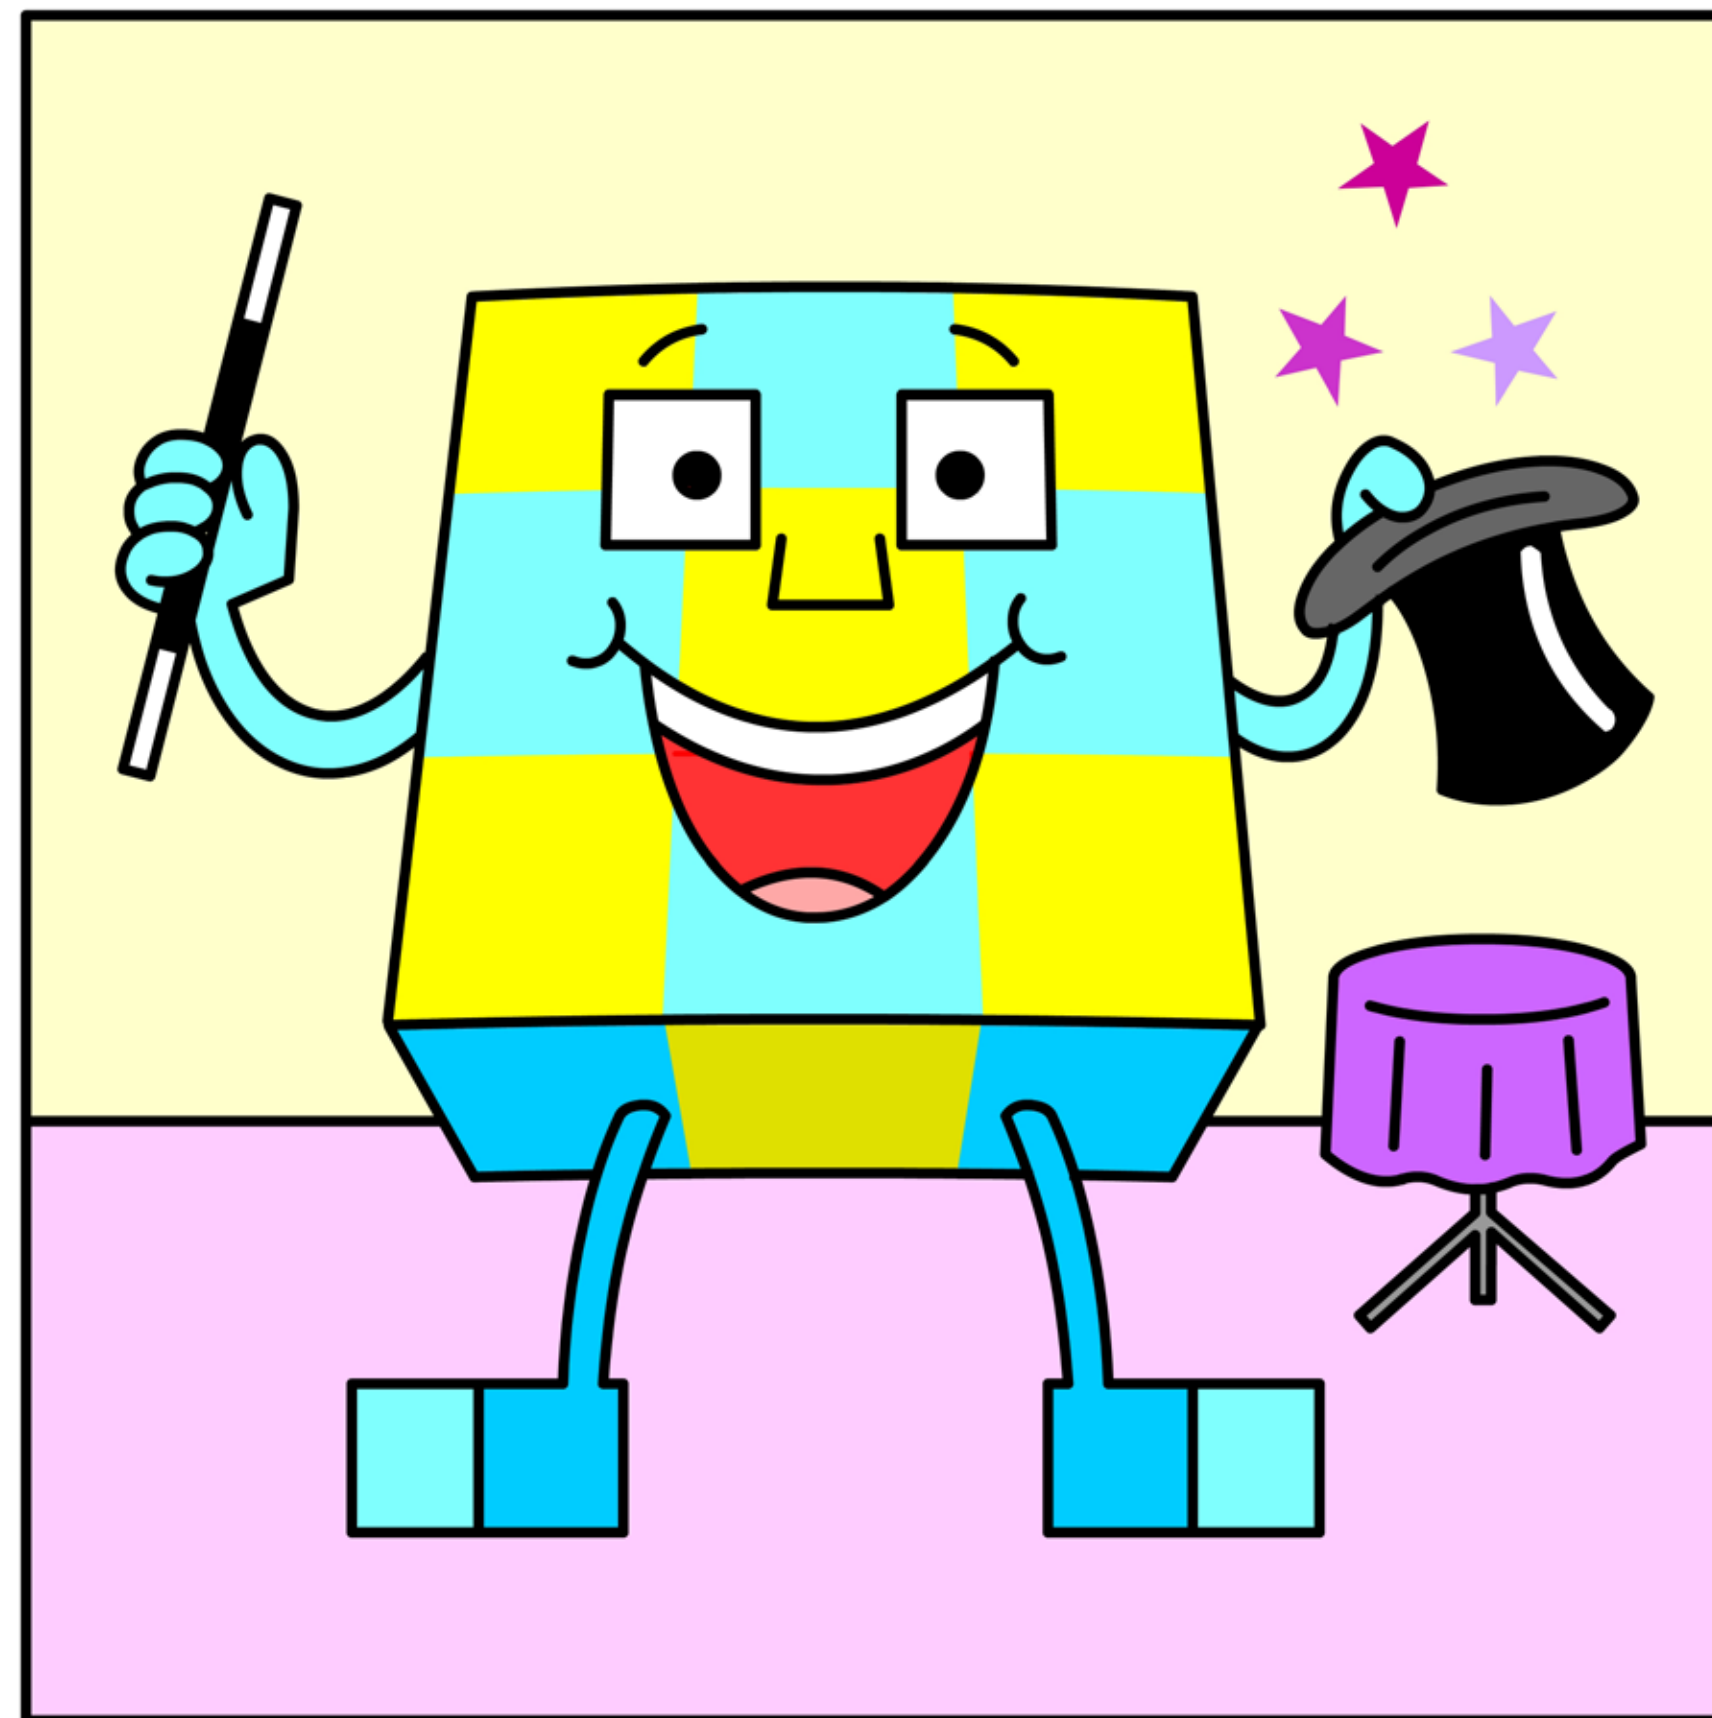

with Pentagon Pete.

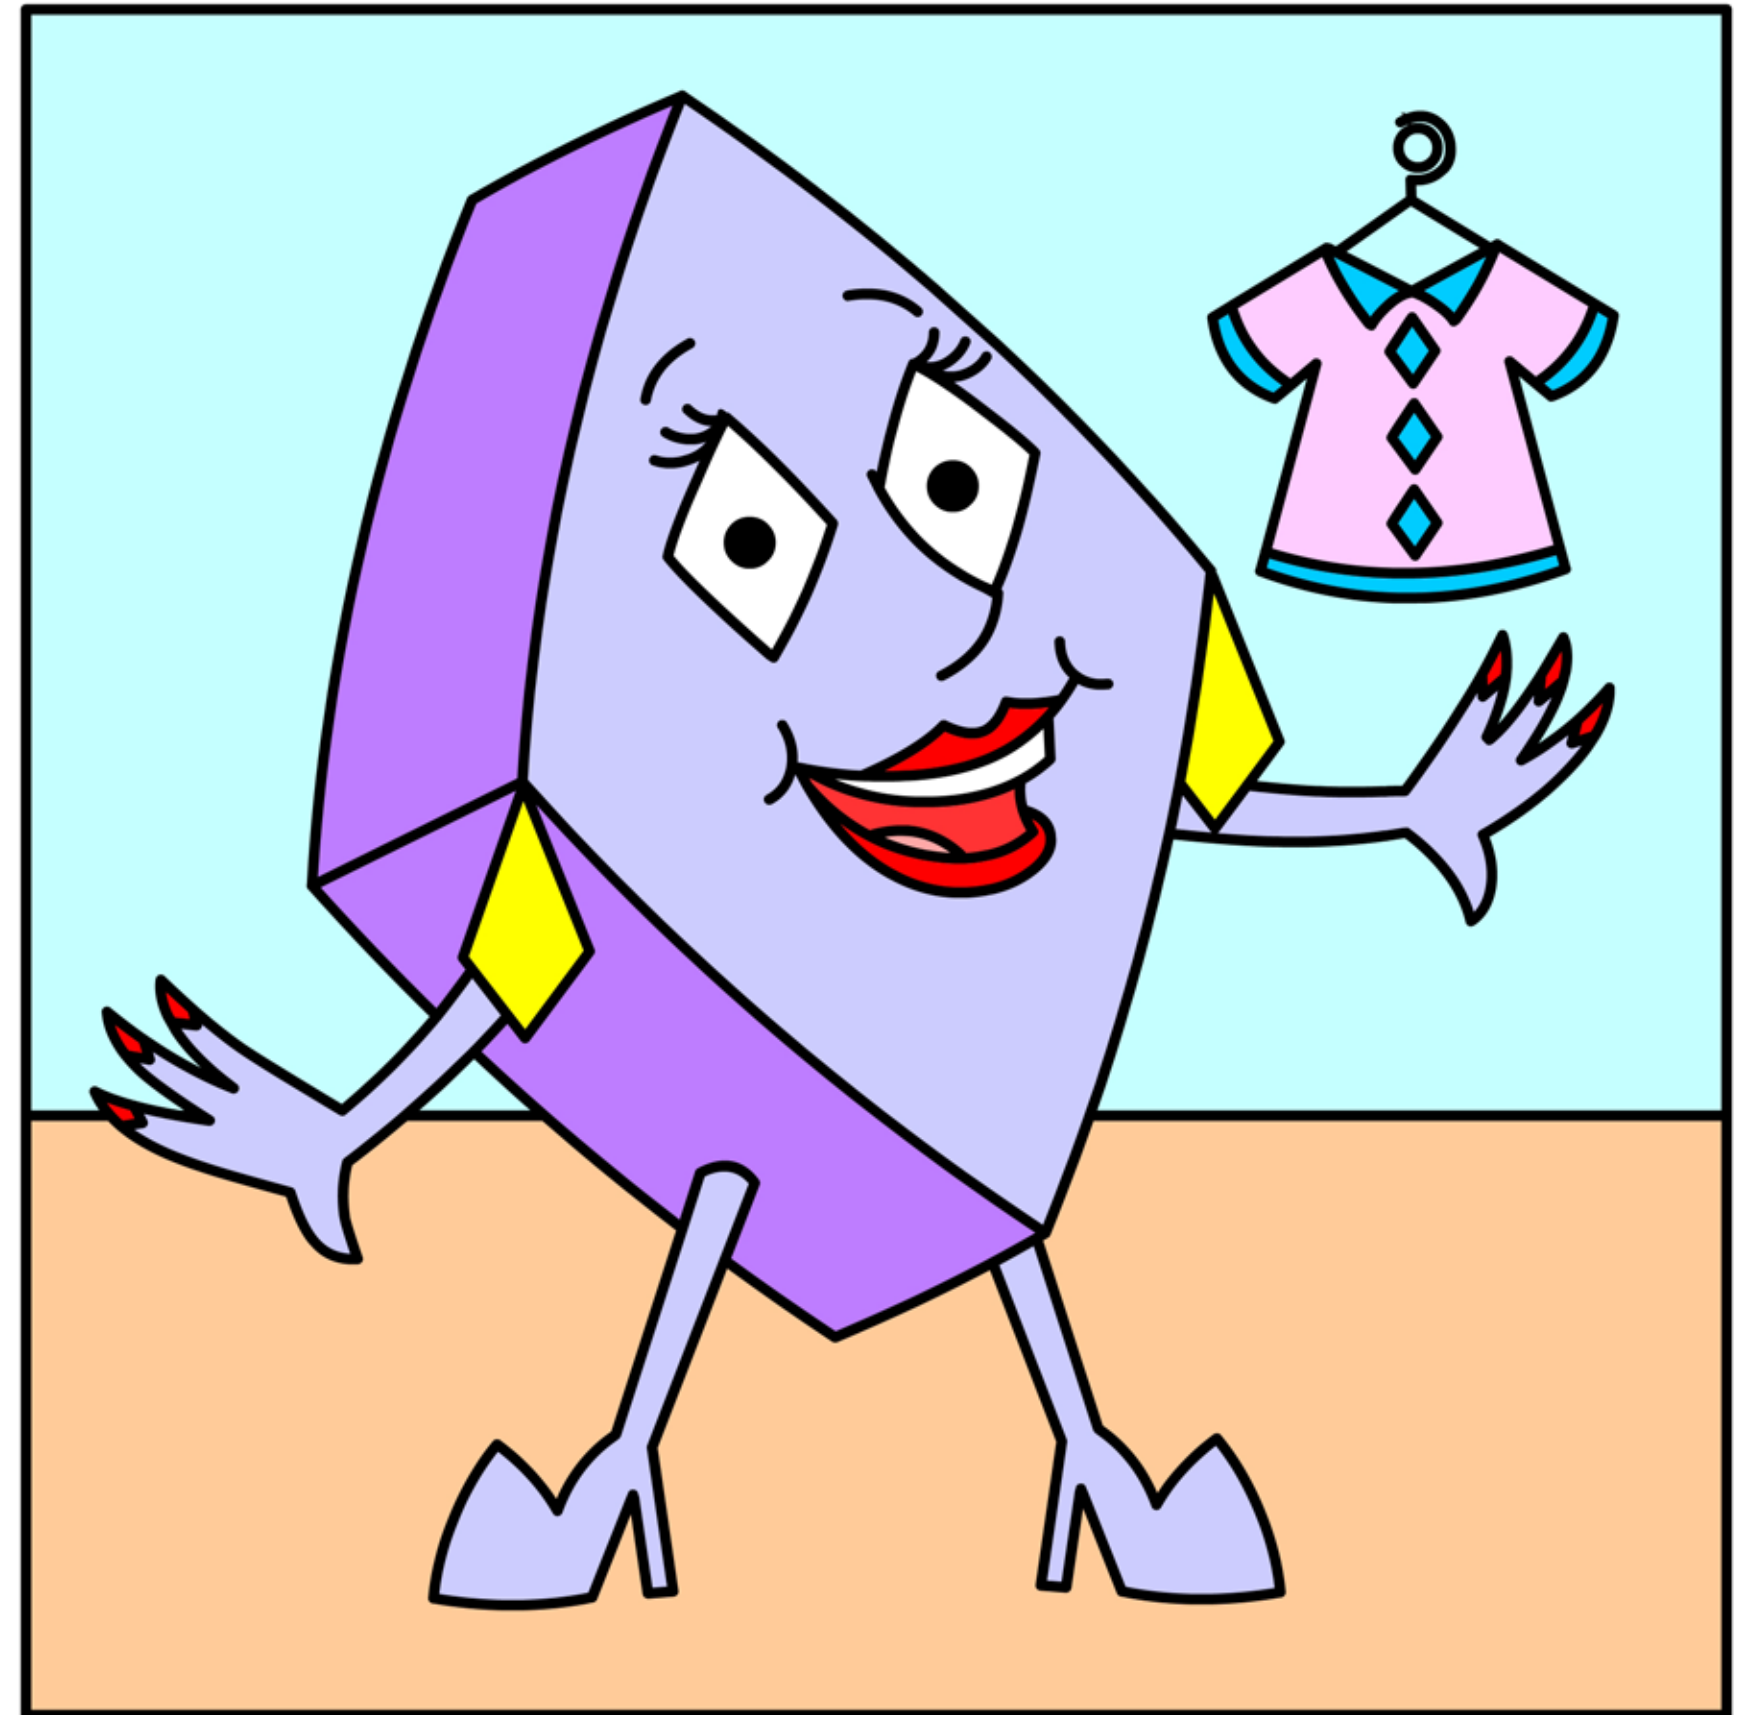

He has five sides,
with a point at the top.
He does all the shopping
and cleans quite a lot.

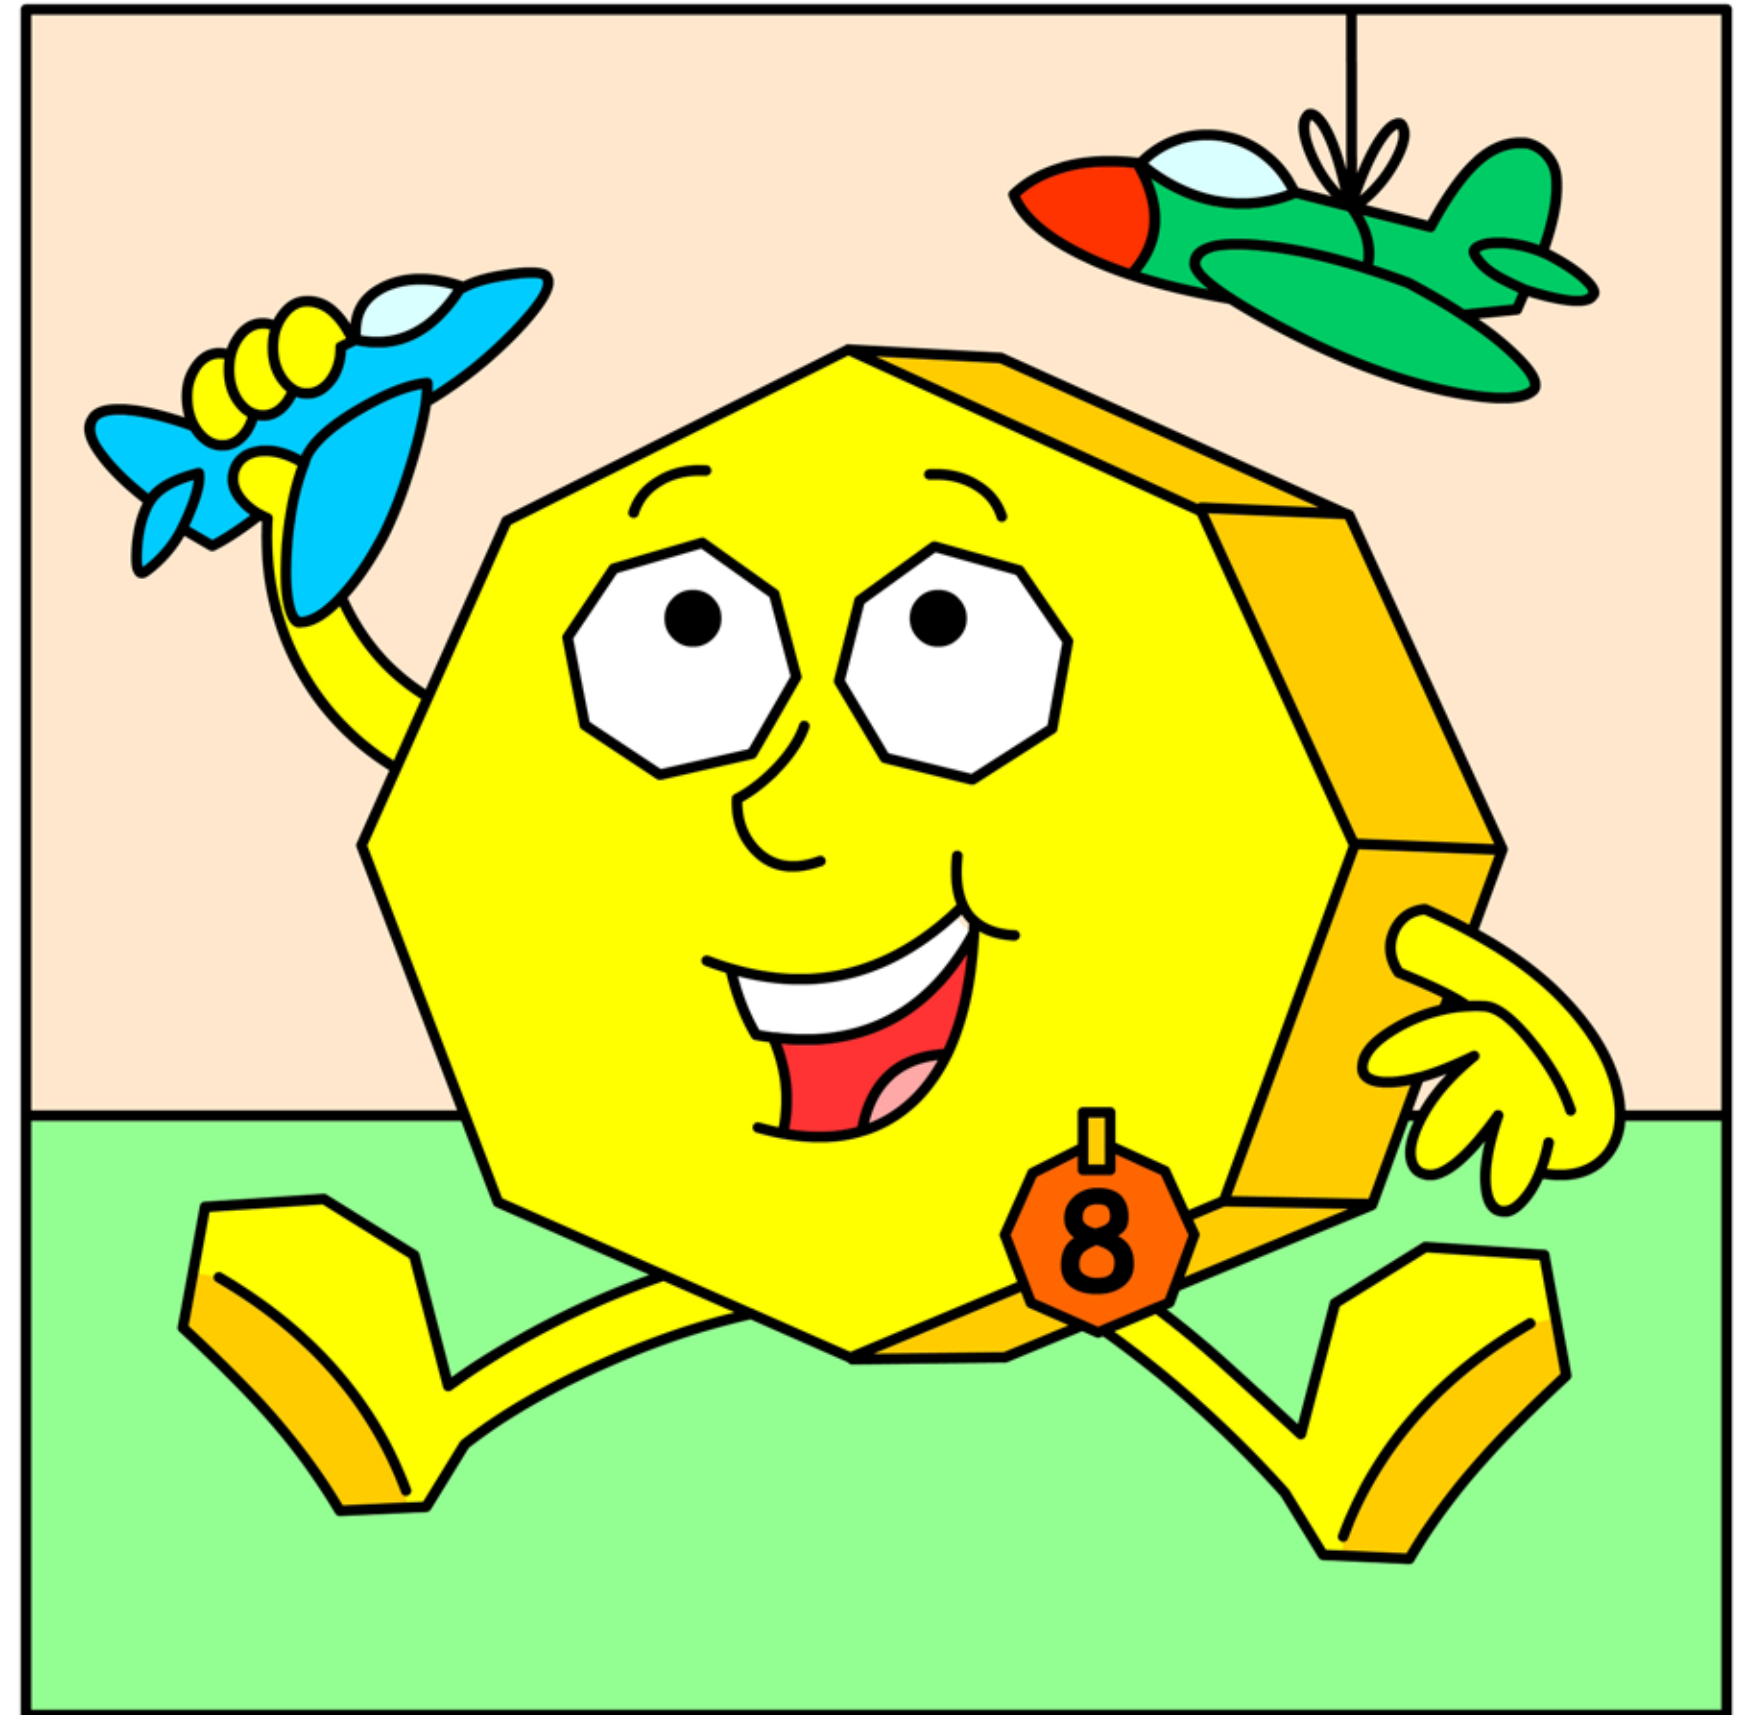

Square Simon's four sides
are all the same size.
He loves magic tricks,
with a shapely surprise.

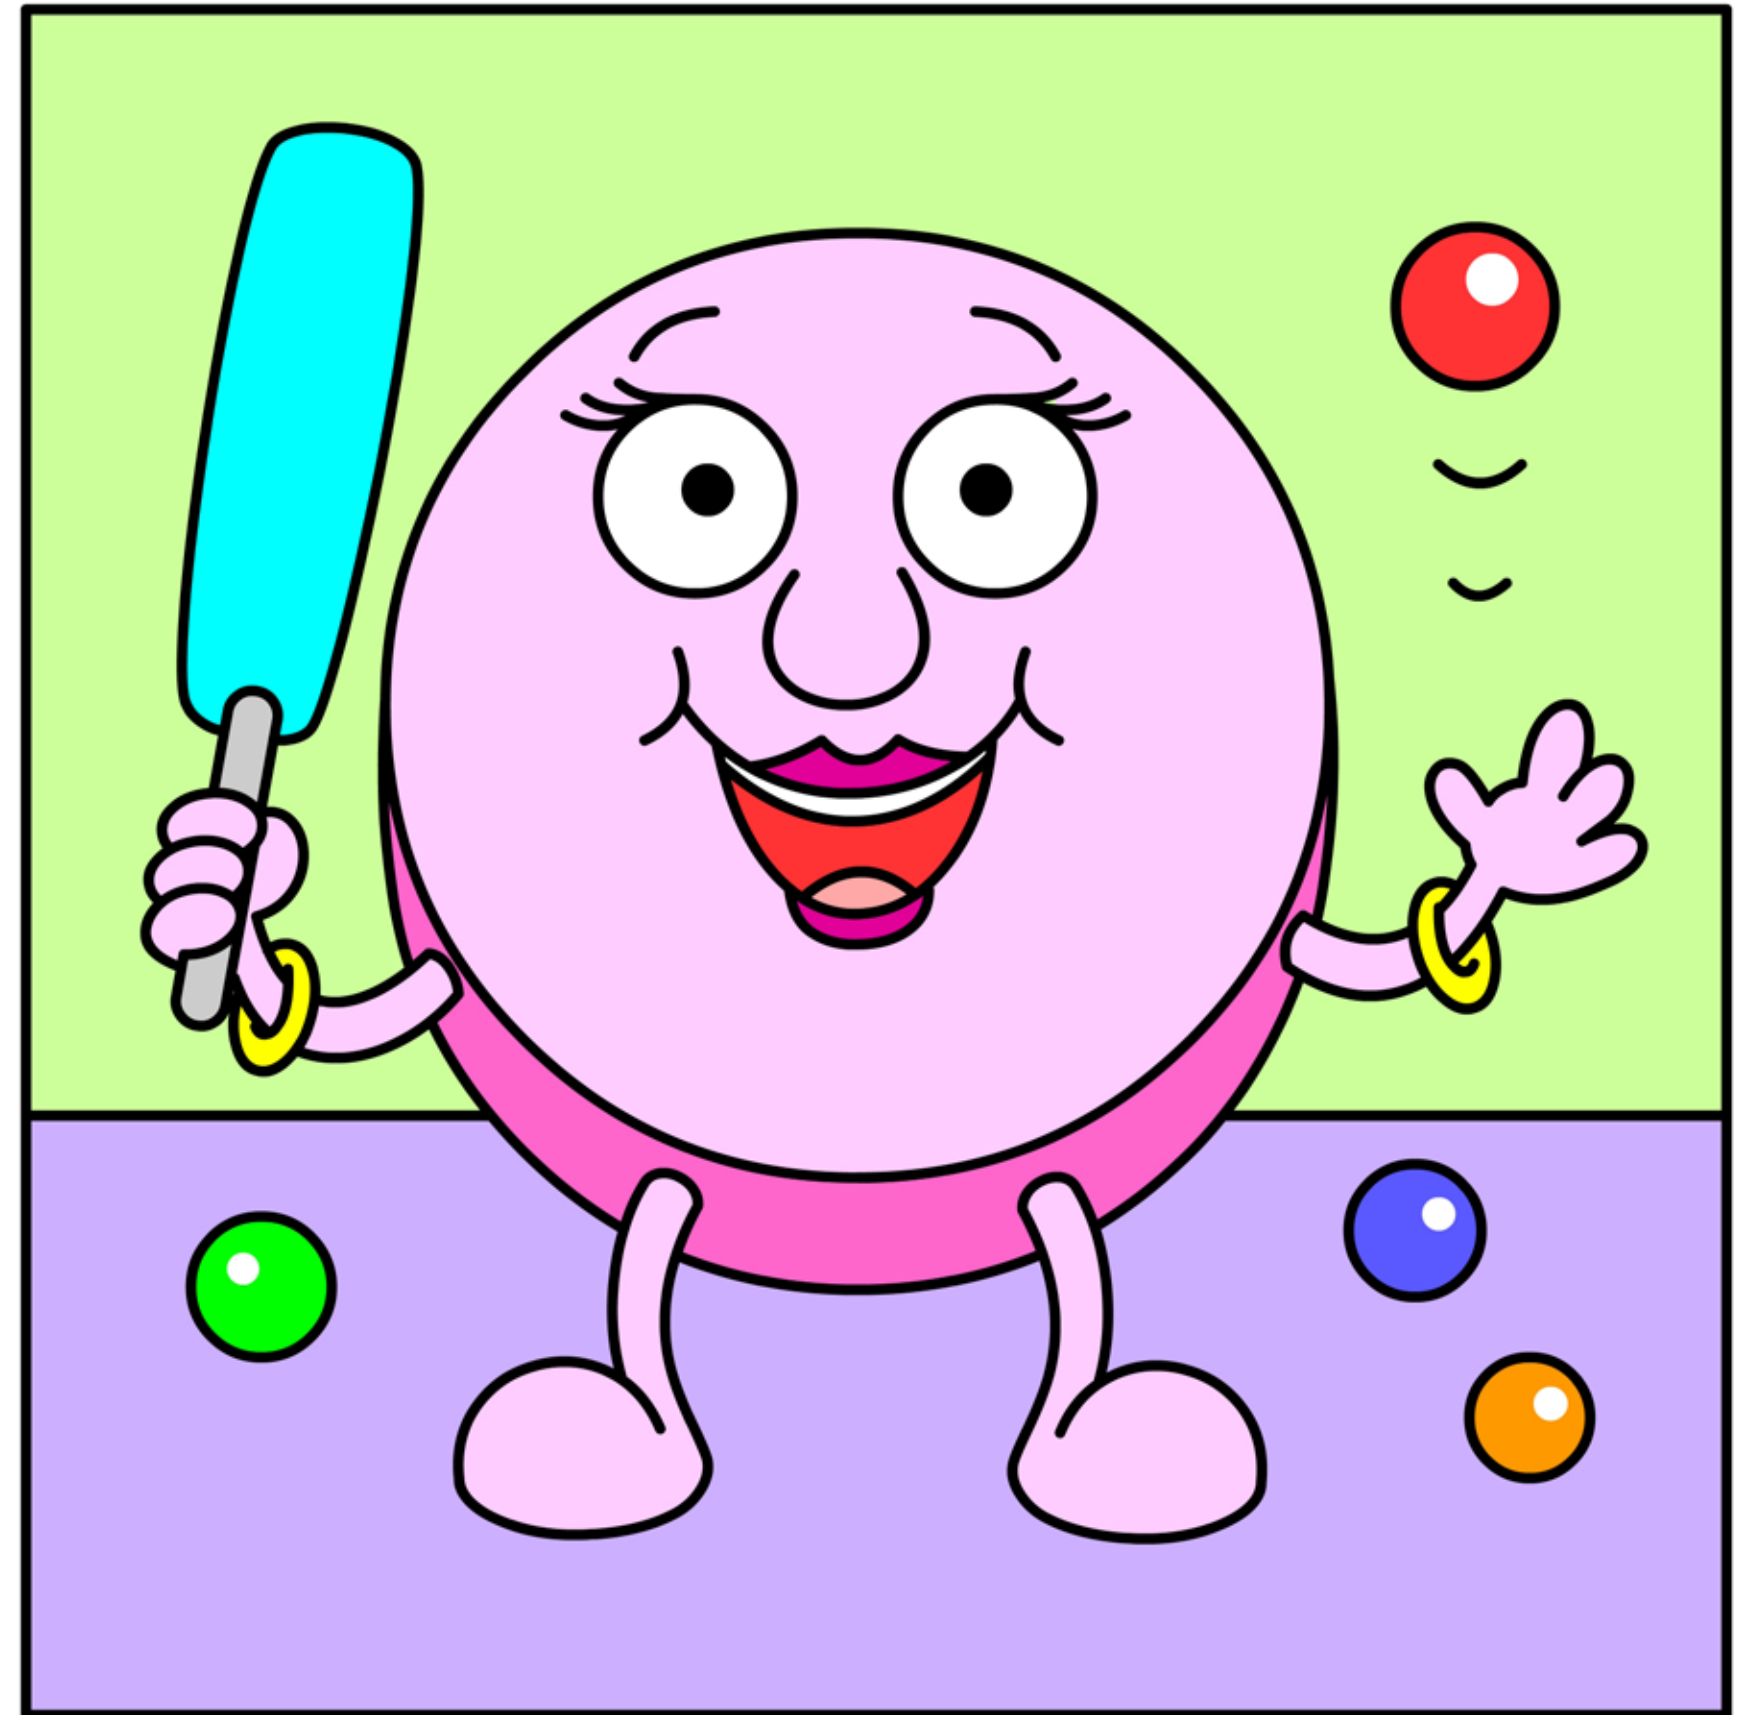

Diamond Davina,
always looks nice.
She paints her nails,
not once, but twice.

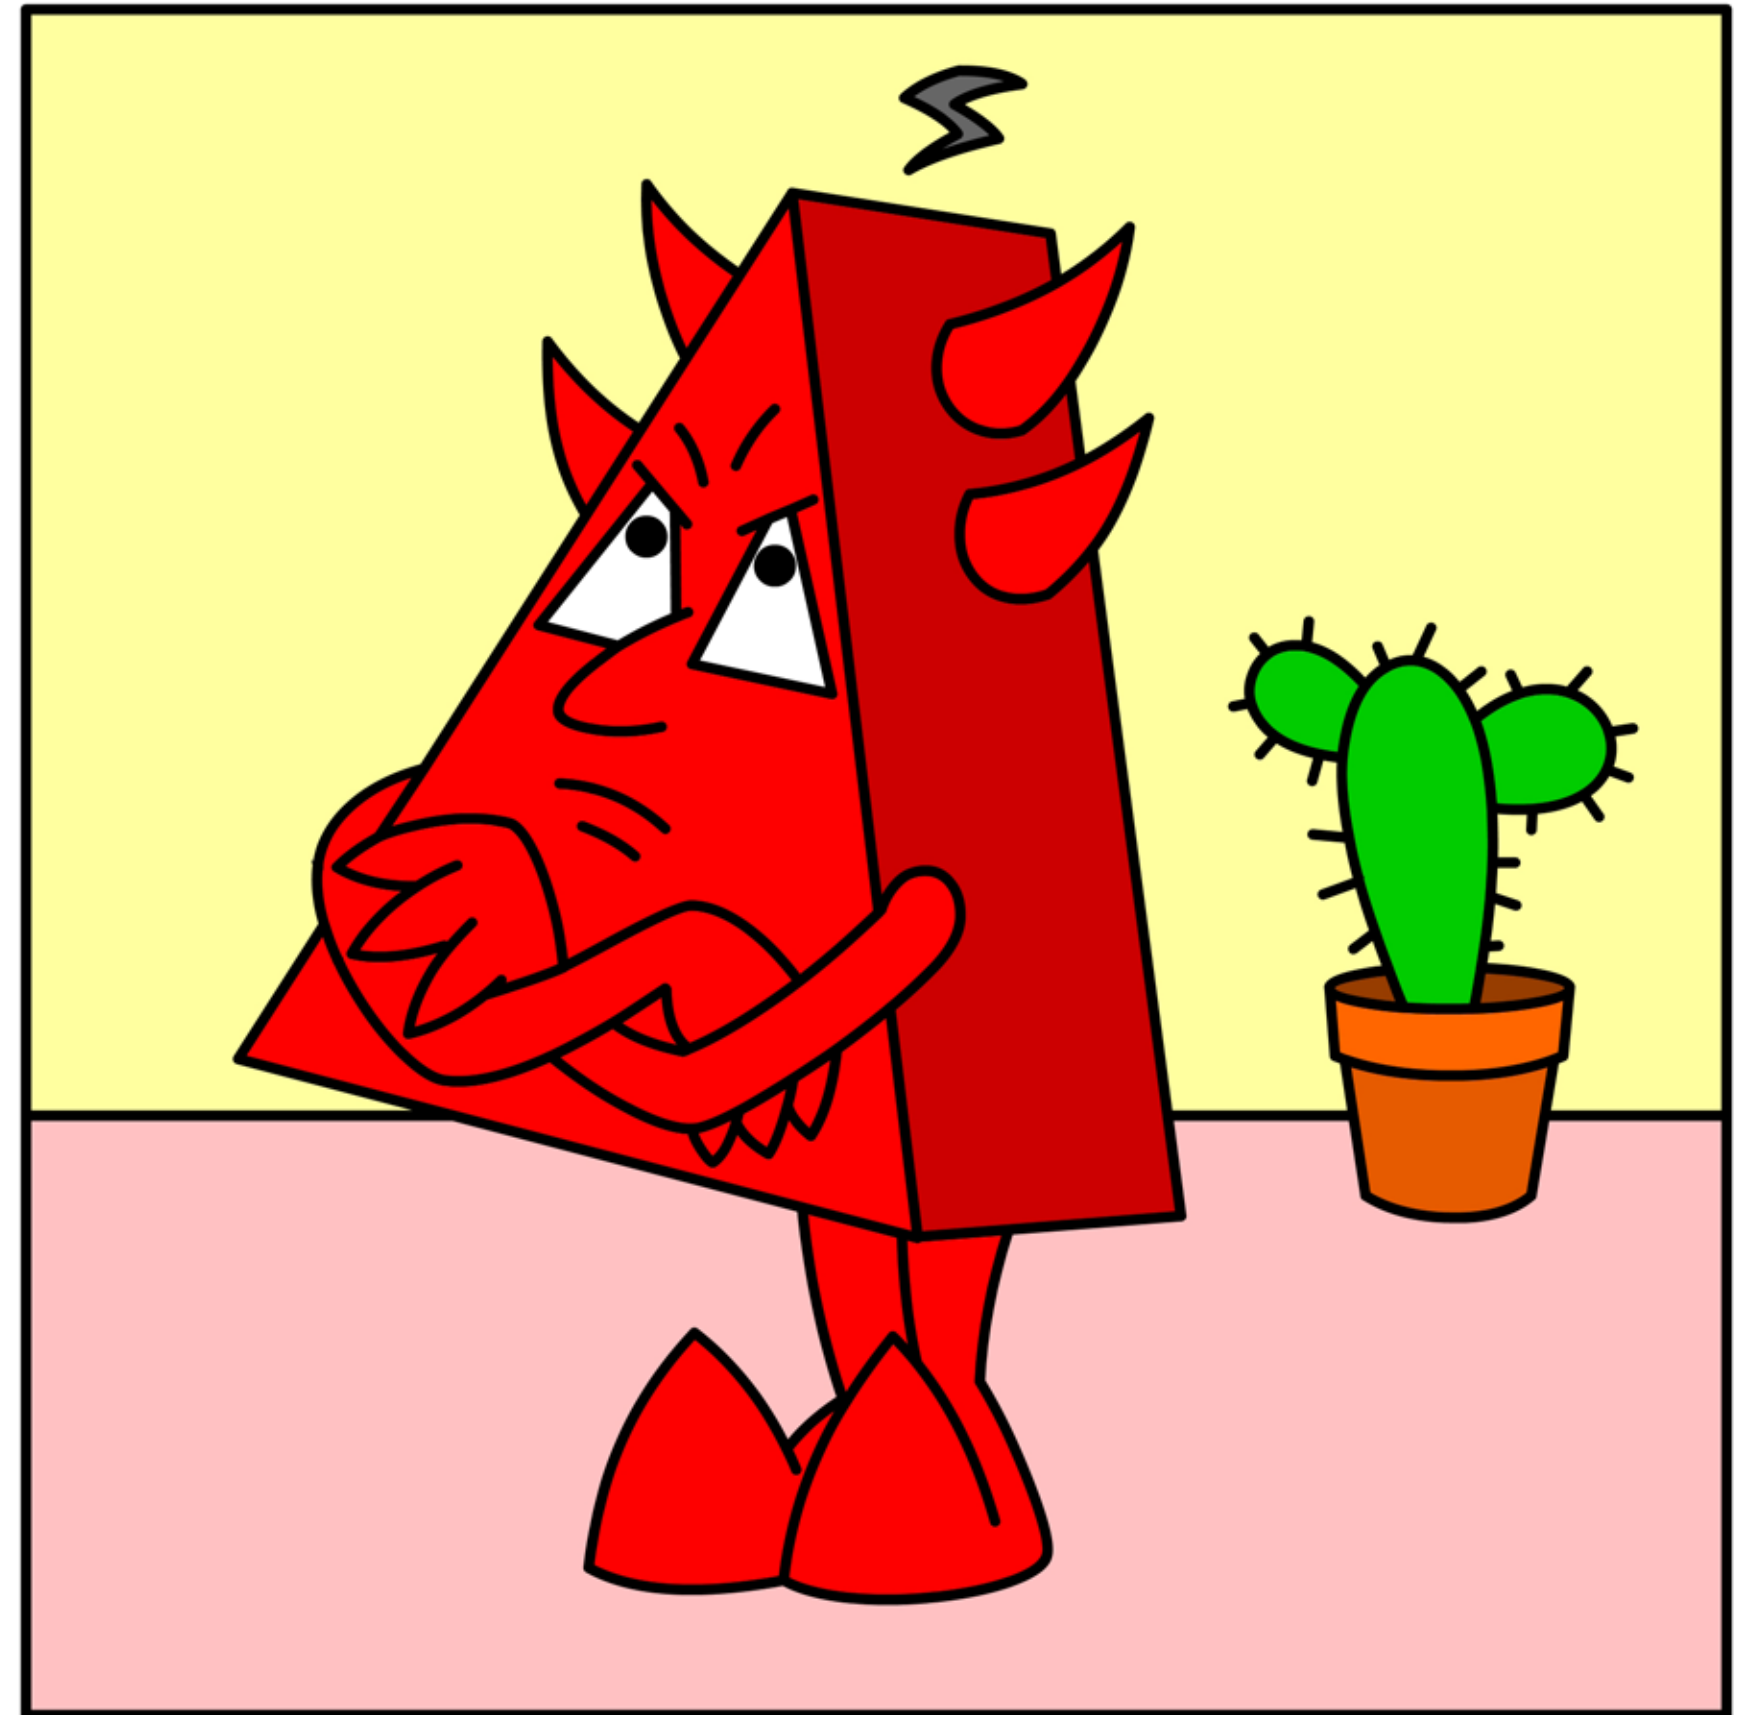

Octagon Osman's
8 sides are the same.
His favourite toy
is his fast aeroplane.

Circle Carly
has no sides at all.
She loves to play
with her bat,
and her ball.

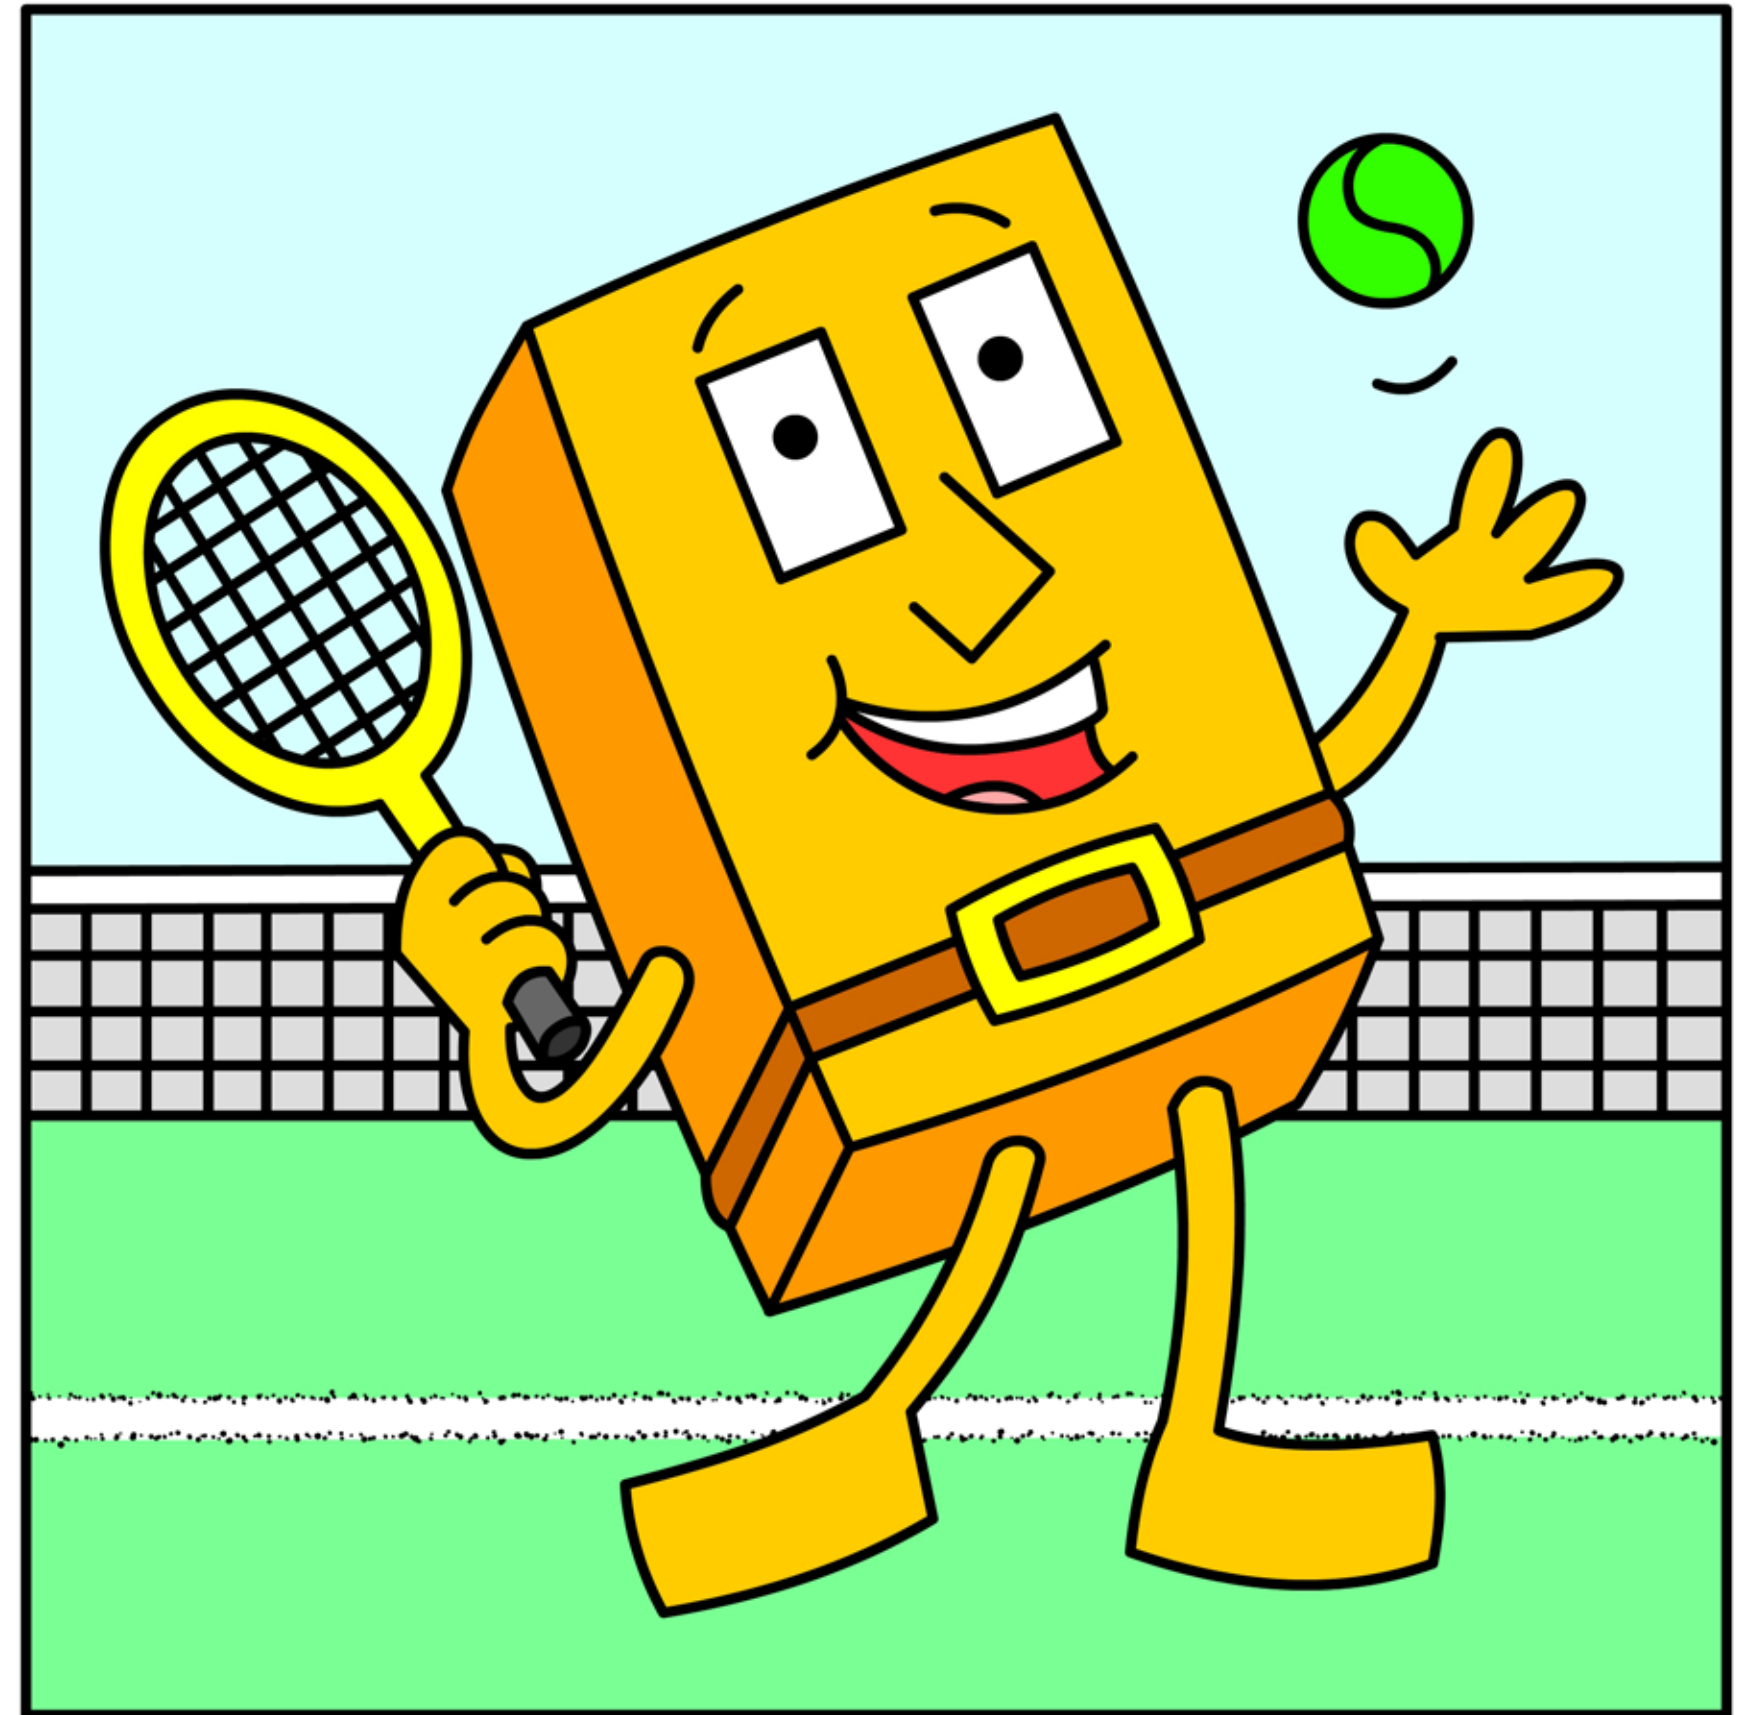

Triangle Trevor has
only three sides.
When he's in
a bad mood,
everyone hides.

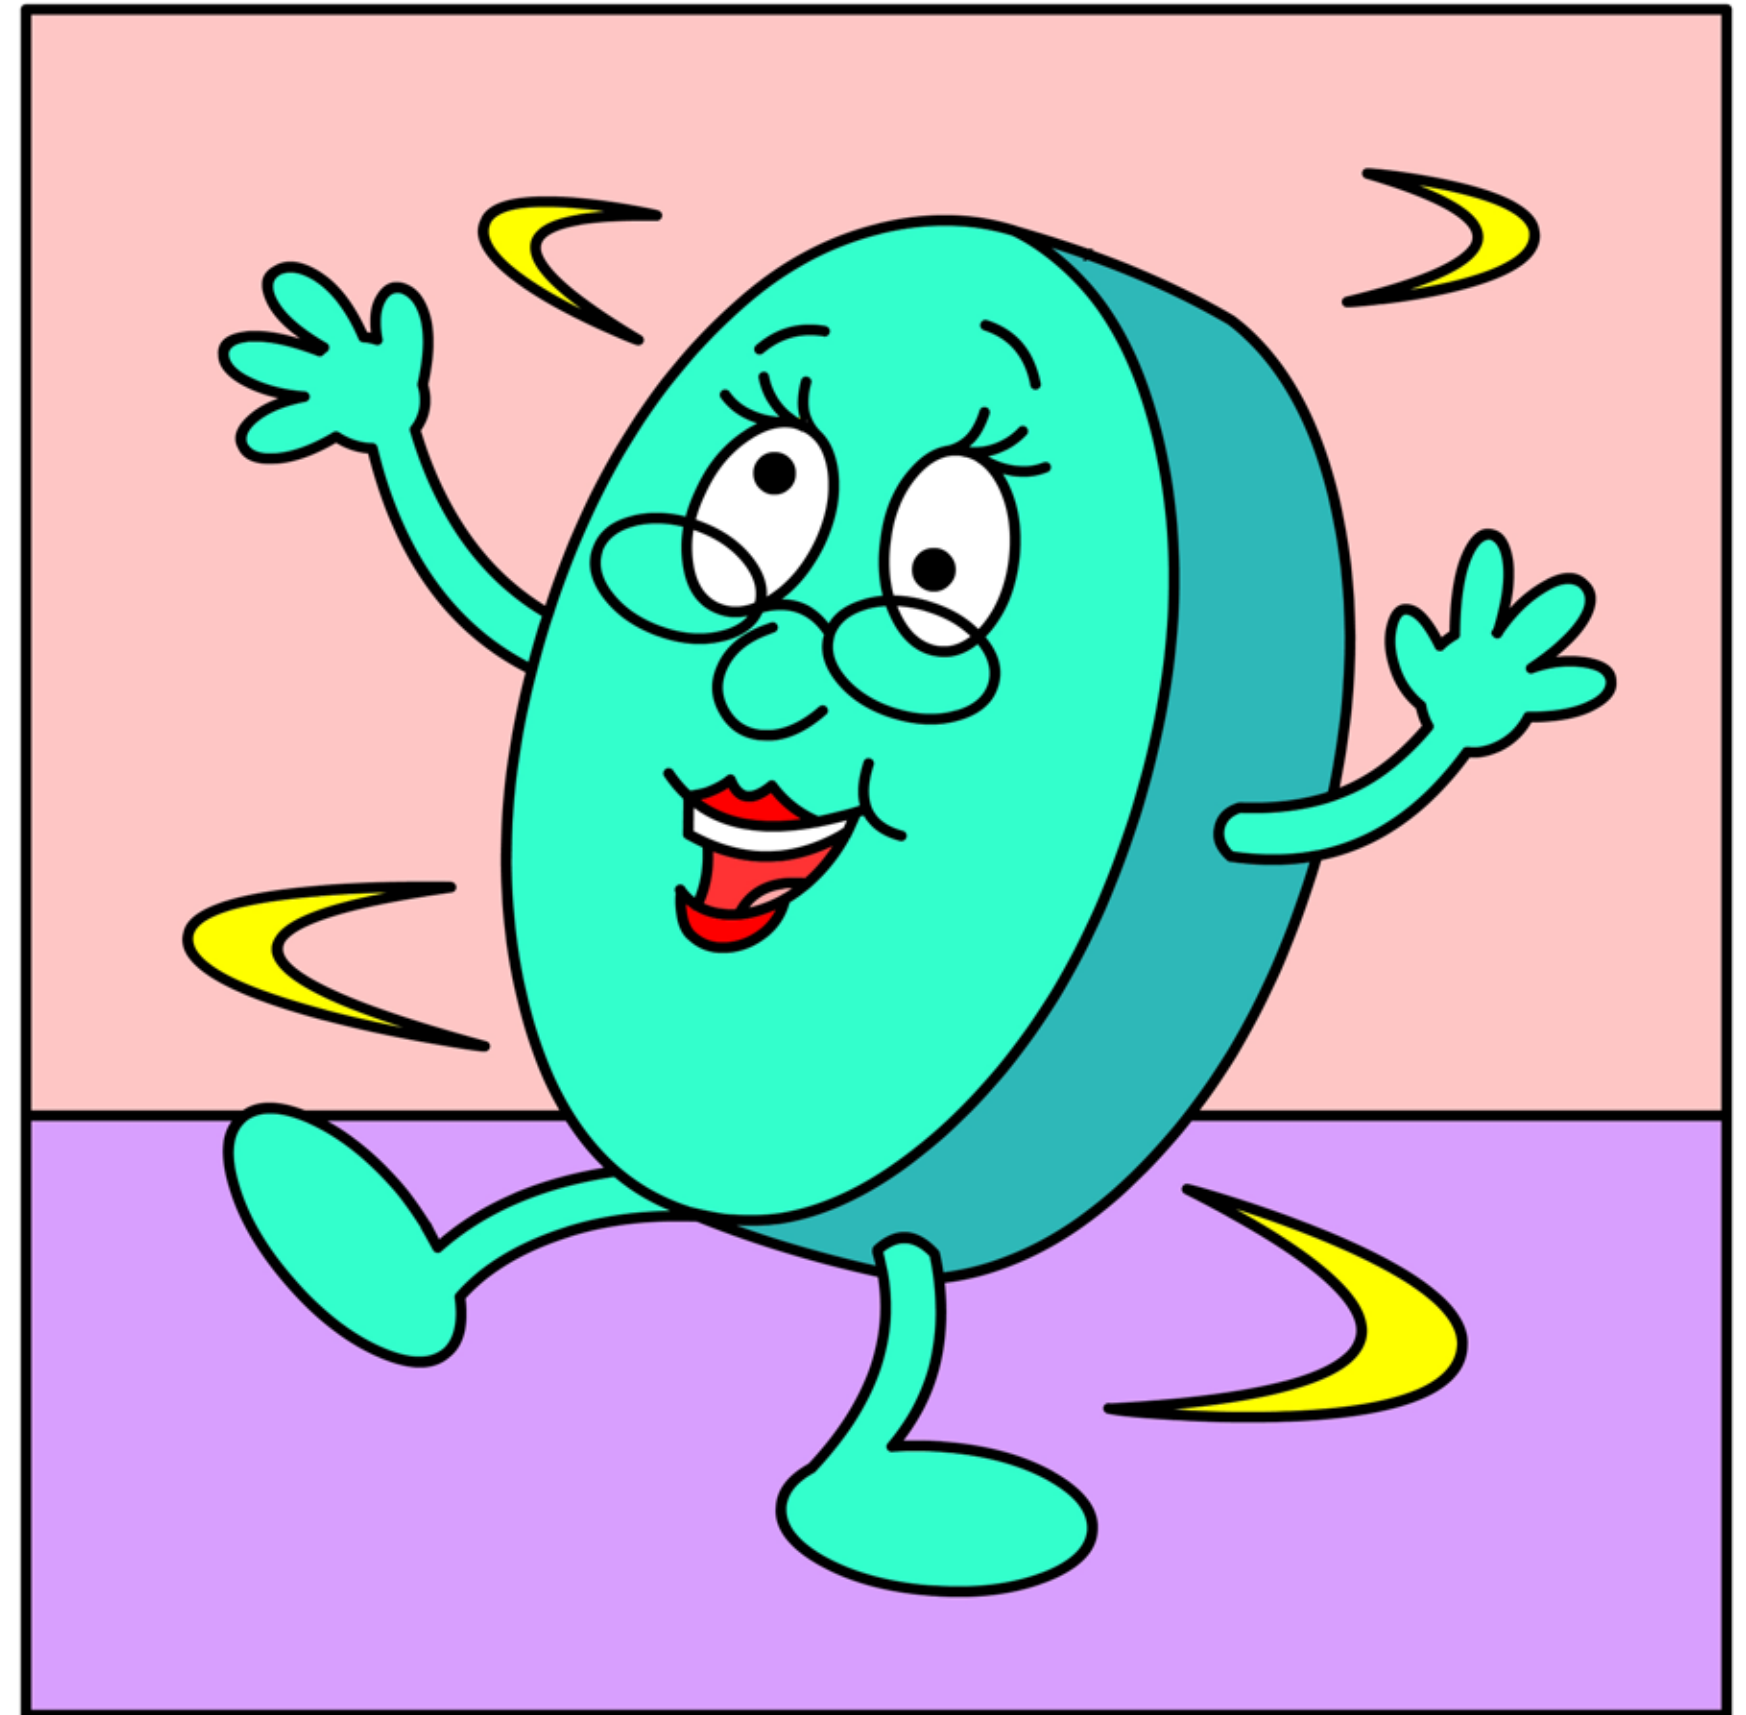

Rectangle Russell,
has long sides and
short.

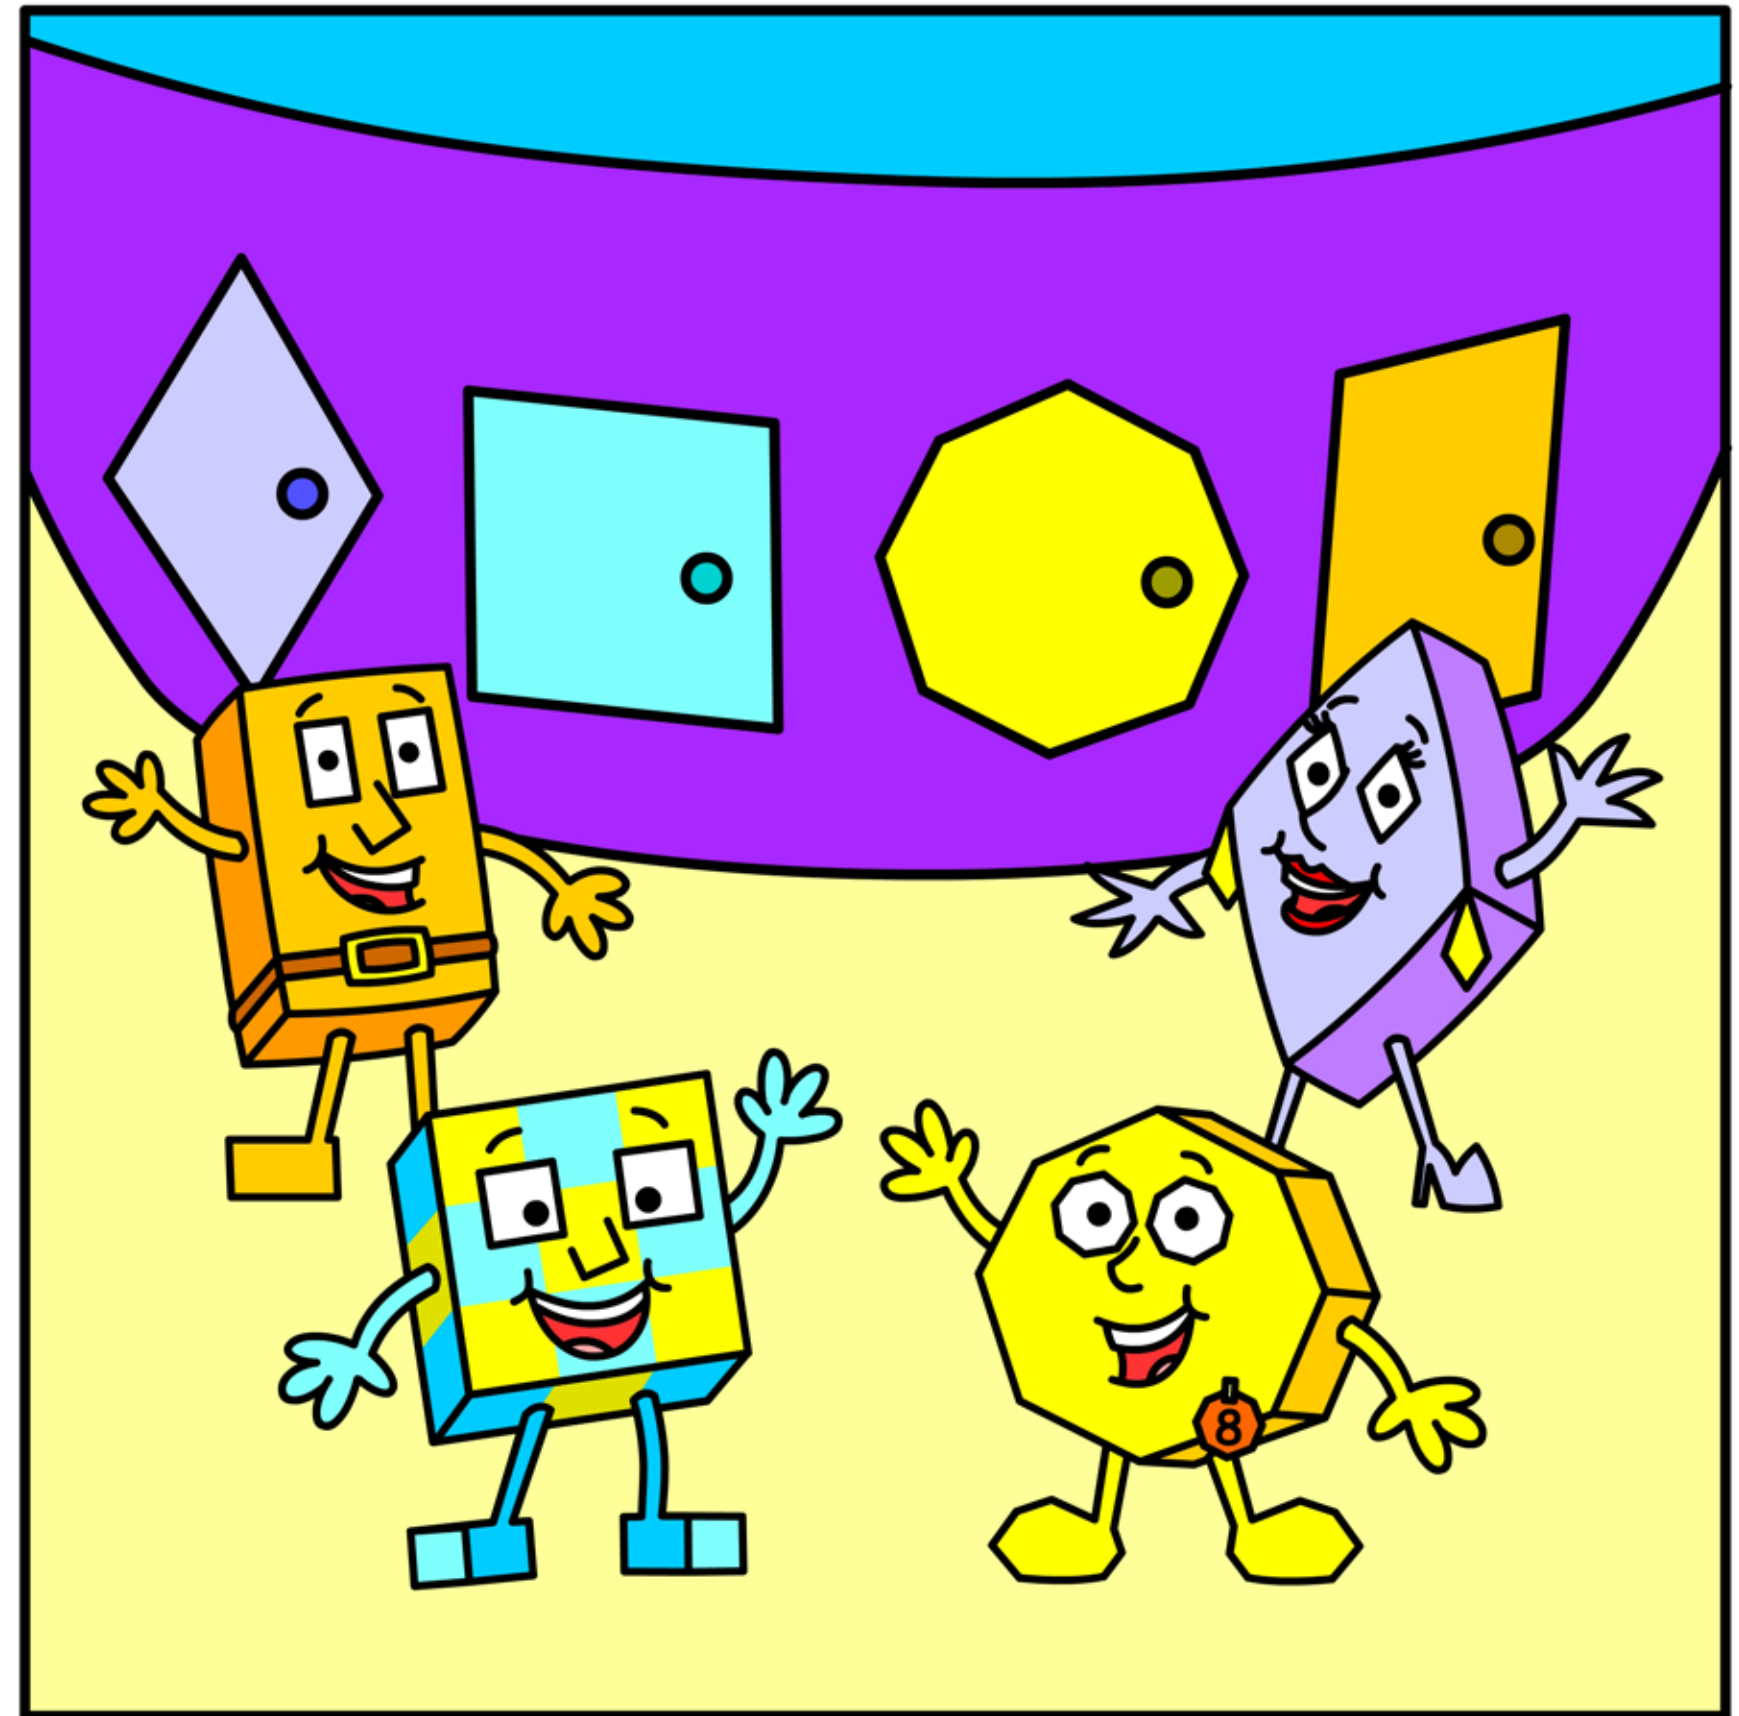

His favourite place,
is the tennis court.

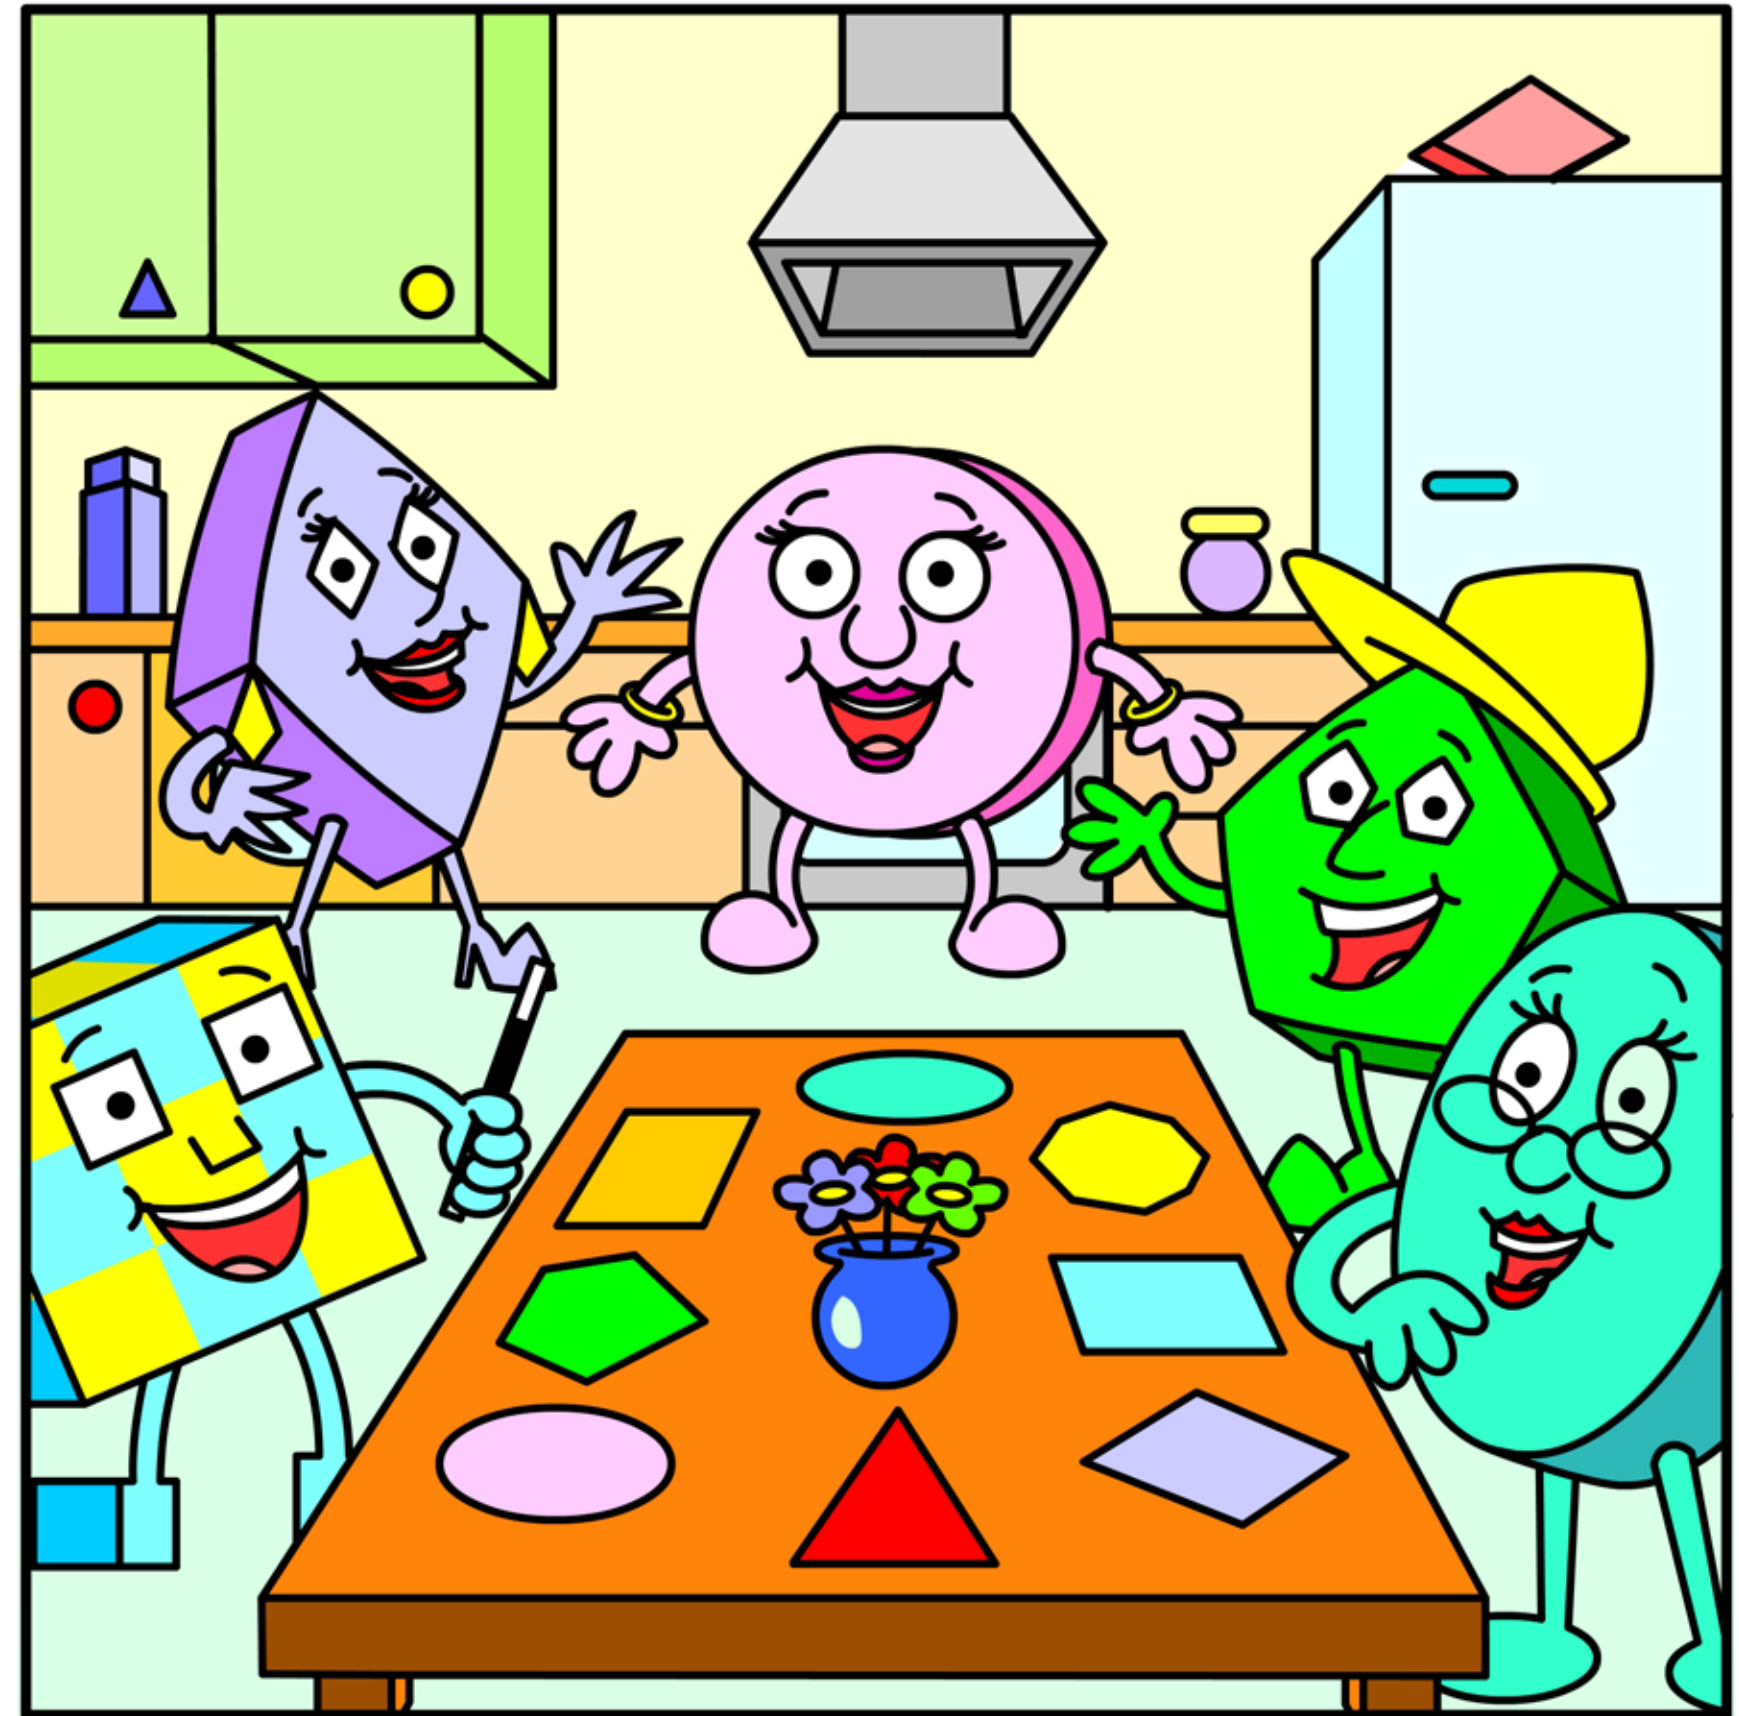

Oval Olina,
is shaped like an egg.
She can spin round,
on only one leg.

The Shapelys are happy,
in their special home.
Where each have a
special shaped
door of their own.

They have lots of fun,
and adventures too.
They'd love to share
with someone like you.

So join in and learn,
about all different
shapes.
Let's enter a world,
where there's new
friends to make.
