

# A mansion/farm

Hello my name is Naomi and today I'll be showing you my farm like mansion.

First of all, I've got more than 10 pets.  
Would you like to see them?

So, I've got my 2 lovely bearded dragons, my 2 Horsfield turtle, my lovely dog and my naughty cat, in this aquarium are marine fish like my puffer fish, sea horse, star fish, clown fish, lion fish, crabs and my stingray.

If you come outside, you'll see my 3 horses and my 5 chickens.

If you ask what type of cars do you have?" here's the answer

A self-driving and voice-controlled tesla, tractor, 3 mini diggers, 6 kayaks, a jeep and a campervan.

I've got a deep and crystal-clear blue pool and one of my jobs are to travel around the world, take pictures and sell them.

If you're wondering what country I live in? I live in France.

I've got 5 adopted children and a beautiful piano.

I own a massive lake with lots of wildlife and a lovely Forest.

I've got about 100 security cameras.

My favourite room in the house is the music room, CCTV room and the game room.
