

Our Year of Resilience 2020-2021

TO OUR CHILDREN,

It is with great pride and happiness that we consider the achievements that you have all made during what has been an exceptionally difficult 18 months. You have all worked hard and shown great resilience and dedication to both your learning in school and remotely. What you have all achieved during this time has been remarkable and we take our hats off to you all.

I know that you will all be so grateful for your families who have supported you so well during this time, we are so thankful for every bit of guidance and support that you have all received to find your way through this unprecedented time.

We hope that we are now all on the road to recovery and look forward to the days that we can all spend together and make some fantastic memories. Keep up the amazing work superstars!

All my love from ex

message from the grown ups

During this difficult time I have been proud of the whole school community and how they have worked together to support one another. This school is certainly a special place. - X

Thank you to all the parents who have worked so hard to learn new things and support their child at home. -

A huge well done to everyone. We made it! It was fun having a remote superhero party, but it's much better to hear the children in school and see their smiley faces. -

I have been amazed at how mature the children have been working at home. -

I have really enjoyed my first year at this school. I have been impressed with children's mature and enthusiastic attitude towards their learning. I was

adapted to coming back to school. -

The children kept smiling throughout the difficult times... they are still smiling now. -

Throughout this difficult time we were still able to keep in close contact with amazing! -
